by plane:

Vienna Airport is situated 15 km east of our training center. The airport is connected to the city center by train (S7 or CAT) or by bus. You can reach the city center within 20-30 minutes. You are at station “Wien Mitte – City Air Terminal” now and take the underground (“U3” – 5 stations to “Gasometer”) to our training center. The underground station is in walking distance (3 minutes). Of course you can also take a taxi from the airport. They are standing just in front of the arrival hall. For further informations please visit the website www.viennaairport.at

by car:

Our training center is situated close to the city center of Vienna (3rd district – Landstraße).

From south and west you go on the highway „A23 – Südosttangente“ in direction „Prague“. You take the exit “St. Marx” and at the second traffic light you can already see our training center on the left hand side.

From north and east you go on the highway „A23 – Südosttangente“ in direction „Graz“. You take the exit “St. Marx” and at the second traffic light you can already see our training center on the left hand side.
